About Us

We started our triumphant journey in the year 1981 as a small family owned unit to manufacture **Brass Electrical Components** in Jamnagar, Gujarat.

In the year 2007, we changed to Private Limited Company & since then we have grown into one of India's leading Manufacturers & Exporters of **Brass Extruded Bars in Solid & Hollow** forms along with a wide range of **Brass & Copper Alloys' Forged, Casted, Turned & Machined Components** having application in Electrical, Earthing, Automobiles, Pneumatic Controls, Railways, Plumbing & Agriculture Industry.

Mission

- 🏆 To be the leader as Manufacturers and Suppliers of **High Quality Copper Alloy Products** across the Globe.
- 🏆 Understand the customer needs and continually **Reinventing** our processes, products, research and development to help them succeed.
- 🏆 Be a **ONE STOP SHOP SOLUTION** that supplies the needed foundation and added business value to help assure long term sustainability.
- 🏆 Provide our associates with a **Positive Work Environment**, full of opportunity for personal and professional development.
- 🏆 Continually strive for **Sustainability and Safety** of our People, Customers and Environment.

-  Assembly
-  Packaging
-  Finish Goods Storage

“ **SUCCESS** is not a destination.
It is a continuous **JOURNEY**
of striving towards your **IMPORTANT**
goals that **NEVER ENDS.** ”

2022

Achieved Monthly
combined Production of
350+ Metric Tons

2012

Expanded Product
range with addition
of **Copper Based
Alloy Ingots**

2007

Backward Integration
in the form of
Extrusion Mill to
Produce Brass Bars

1981

Started as a small family owned
unit to **Manufacture Electrical
Components**

2023

Installed Bigger Foundries to increase Production Capacity for **Bars & Ingots**

2025

Pursue **Top Technology** and deploy new resources to contribute on a **Global Scale**

2020

Installed Forging Presses to Manufacture **Ferrous & Non-Ferrous Components**

20218

Installed smaller Foundries to Manufacture **Copper Alloy Casted Components**

2015

Installed wide range of **CNC and VMC** to Manufacture **Precision Components**

2017

Achieved Monthly combined Production of **200+ Metric Tons**

Quality

Adinath is well equipped with high efficiency quality testing equipments. Our **Quality Management System** ensures documented process controls from start to finish.

-  Procurement of raw material
-  Their combination
-  Manufacturing processes
-  Chemical analysis
-  Measurement
-  Inspection

Testing Equipments & Facilities

- | | |
|---|--|
|  Handheld Analyzers |  Digital Micrometers/Calipers |
|  Spectrometer with Arc & Spark Excitation Technology |  Thread Gauges & Ring Gauges |
|  Temperature Control Instruments |  Dial Gauges & Pin Gauges |
|  Hardness Tester |  Torque Testing Machine |
|  Push-Pull Test Machine |  Plating Thickness Tester |
|  Universal Tensile Testing Machine |  Surface Finish Tester |
|  Vision Inspection System |  Air Gauge Unit |
| |  Pressure Leakage Testing Machine |

**"When your people will come alive,
your Business will come alive."**

With the above intention, Adinath focuses on **Employees' Continuous Improvement** through Brain - Storming Sessions & Training Programs to enhance their knowledge, skills & experience resulting in overall improvement in their performance.

TIN BRONZE

Copper + Tin + Zinc + Nickel

MANGANESE BRONZE / HIGH TENSILE BRASS

Copper + Lead + Zinc + Iron + Aluminium + Manganese

LEADED TIN BRONZE

Copper + Lead + Tin + Zinc + Nickel

SILICON BRASS

Copper + Zinc + Silicon + Aluminium

GUN METAL / RED BRASS / BRONZE

Copper + Lead + Tin + Zinc + Nickel

SILICON BRONZE

Copper + Aluminium + Manganese + Silicon

PHOSPHOR BRONZE

Lead + Tin + Zinc + Phosphor

PACKING

 **ADINATH** manufactures wide range of Copper Alloys in the form of **Certified Ingots** weighing from 8-10 kgs each.

 Standard Packaging of **1 Metric Ton** in Wooden Pallet.

SHAPES

SOLID ROUND BARS

Size Range :
Dia 4 mm up to 120 mm

SOLID RECTANGLE BARS

Size Range :
A/F 5 x 6 mm up to 100 x 50 mm

SOLID HEX BARS

Size Range :
A/F 5 mm up to 100 mm

HOLLOW BARS

Outer Diameter : In Round, Hex & Square
Size Range : 30 mm up to 120 mm
Inner Diameter : Round
Size Range : From 20 mm up to 80 mm

SOLID SQUARE BARS

Size Range :
A/F 5 mm up to 90 mm

Plug & Socket

We are committed to minimize our environmental impact by maximum use of **Recycled Materials** and ensure to operate in a way that implement the **Best Environmental Friendly Practices**.

We have invested good amount of time & efforts to create a **Hazardous Free Environment** by installing Fume Arrestors, Filter Bag Houses, Chimneys & Zero Discharge water facility through Effluent Treatment Plant.

Scrap Recycling Policy

-  Copper is an essential element and very valuable to the scrap industry. **Recycling of Copper** is much more economical than to mine.
-  Adinath's scrap recycling policy aims to produce globally competitive products at cost effective price by **Recycling The Generated Scrap Responsibly**, without any loss of performance.
-  We **Recycle** all Casting, Extrusion and Machining process scrap.
-  Our Customers are the primary source of supply for the recycled scrap. Any Copper Alloys that we sell and is not used in our customers' products is **bought back** in the form of end cuts, chips, solid form or swarfs.

Corporate Social Responsibility

-  Reduce the Waste
-  Trees Plantation
-  Improving Labour Policies
-  Diversity, Equity & Inclusion
-  Optimised Overall Performance
-  Philanthropy
